Dear _____,

You may want to consider having a maintenance agreement on your equipment. There are many reasons why having a maintenance agreement is a good investment.

- ❖ Peace of Mind, knowing that your equipment is being taken care of.
- ❖ A service agreement increases system reliability by us spotting potential problems before they occur.
- ❖ You maintain the condition of your financial investment.
- ❖ You keep your equipment clean and in top shape, which helps to reduce your utility bills.
- ❖ By having preventative maintenance performed on your equipment, you tend to have fewer unexpected problems.
- ❖ Equipment manufacturer recommend that you have each piece of heating or cooling equipment cleaned and checked at least once a year to ensure that the parts warranties stay in tact.
- ❖ And the main reason is to insure that your home stays comfortable.

The agreement includes two (2) clean and checks per year. One on the air conditioner unit in the spring/summer and one on the heating equipment in the fall/winter. It gives you a 15% discount on any parts, filters, Freon and cleaning chemicals needed. It also gives you priority service over non contract customers and NO overtime rates for service if you should need it between your two visits.

The Agreement would run you \$ _____

To take advantage of this program, just sign and date below and return it to us along with your payment. If you have any questions, PLEASE feel free to contact me at (502)897-5287.

Thank You,

Sharon Woodcock
